## PROFESSIONAL DJ HEADPHONES

# K 81 DJ

## DJ HEADPHONES

The K 81 DJ was designed specifically for use by DJs working small clubs and parties. These closed-back headphones provide impressive sound quality and high output capability. Thanks to their 3D-Axis folding mechanism, the K 81 DJ folds into a small package that is easy to take wherever you go.

# K 181 DJ

## PROFESSIONAL DJ HEADPHONES

The ultimate monitoring tool for professional DJs. AKG Acoustics, the highly respected professional audio brand, teamed up with international top-ranking DJs to create a new reference for DJ headphones. The result does not only set an advanced standard of sound but provides the kind of handling professional users have a right to expect.

### 3D-Axis

AKG's 3D-Axis folding mechanism ensures both ease of use and high wearing comfort. The K 81 DJ folds down into a small package and takes up almost no space in your bag.

### High Output Sound Level

Impressive loudness capability and legendary AKG sound quality.

### Closed-back Design

External sounds are kept out so even low level audio signals are heard clearly.

### 3D-Axis Rugged Design

The K 181 DJ's professional 3D-Axis folding mechanism allows you to change quickly to any monitoring position. High-quality materials ensure exceptional ruggedness and low weight. Once folded, the headphones are extremely flat for easy transport.

### Sound Selector

Perfectly adjusted sound for every venue. Switchable bass boost for large clubs.

### Stereo/Mono Selector

Provides a mono signal for optimum single-ear monitoring.

### Single Cable

Single-sided cable connection for ease of use. Professional mini XLR connector.

### High Output Sound Level

Impressive loudness capability for any environment and any type of event. Legendary AKG sound.

### Closed-back Design

High ambient-noise attenuation ensures that external sounds are kept out so that even low level audio inputs are heard clearly.

### Rubberized Surface

For secure, comfortable handling.
